

The Value-Added Modules of the IBC SOLAR Line.

IBC MonoSol 295 ZX4, 300 ZX4

First-class solar modules made of monocrystalline silicon (PERC cell concept)

25 year linear power and 15 year product warranty¹

Positive power tolerance (-0/+5 Wp)

Increased mechanical stability (5400 Pa)²

German warrantor

100% tested quality

Maximum transparent ARC glass

IBC SOLAR - a strong global partner for solar power

IBC SOLAR AG has been successful for more than **30 years** and is amongst the leading international energy companies, which provide high-performance system solutions in every size and for every application with intelligent photovoltaic systems. The **economic strength and financial independence** is confirmed by globally recognised rating agencies.

Smart Systems for Solar Power thanks to perfectly matched components. More than 1,000 highly qualified partners around the world, as well as more than 3,000 megawatts of installed power and over 160,000 photovoltaic systems all underline the high level of expertise of IBC SOLAR.

Convince yourself of the energy solutions by IBC SOLAR!

| Stackability per pallet | 2-fold |

Presented by:

25 year linear power warranty by IBC SOLAR

¹⁾ The 15 year product warranty is only valid for installations within Europe and Japan. The warranty requires installation according to the valid installation instructions. Standard test conditions: 1000 W/m² irradiation with a spectral distribution of AM1.5 and a cell temperature of 25°C. 800 W/m², NOCT. Information according to EN60904-3 (STC). All values according to DIN EN50380. Errors and changes reserved.

The precise conditions and content can be taken from the respectively valid version of the product and power warranty, which you can obtain from your IBC Premium Partner.

²⁾ Tested according IEC 61215 for snow loads up to 5,400 Pa (5.4 kN/m²).
